

# Identity Quest Inner Healing Lakeside Retreat April 20-22, 2021

Dare to find your true Identity & join us for a time of healing & refreshing. Reset your body, soul & spirit in a wonderful, quiet & tranquil atmosphere of healing & fellowship.

Are you frustrated in your life right now? Sick and tired of being sick and tired? Are you disappointed that you keep wrestling with the same old problems? Are you frustrated that you're not who you thought you could be? Do you often feel like you "missed it"?

You didn't miss it. Don't be discouraged.

You've just got to unpack it. The lies. The frustration. The hurt. The pain. The baggage!

You can't expect to operate in your identity while carrying pain from the past and hurts from the generations of your family.

**You can be free!**

Free to be who God created you to be. A blessing, not a curse. You do not have to feel like a stolen identity, living vicariously through somebody else. Or living up to somebody else's expectation of who you are, or who the world says you are.

**It's time to be you!**
